

### Better Schools

As a single mother, Patricia Farley knows that our future can only be as strong as our schools. Patricia will work to reduce classroom sizes so that every child has the opportunity to learn, ensure that each and every student has the ability to read by the 3<sup>rd</sup> grade, and increase teacher pay to keep our best teachers leading our classrooms.

### Stronger Economy

As a small business owner, Patricia Farley knows what it takes to keep and create good-paying jobs in our state, having created more than 80 jobs herself. Patricia will put that real-world experience to work for us to build a business-friendly environment that will help our small businesses grow, expand, and create new jobs.
