DOES SENATOR HUTCHISON?

**MAYORS AGAINST
ILLEGAL GUNS**

Nevada law enforcement and 86% of all Nevadans support background checks for gun sales.

Nearly all Nevadans — including law enforcement — support background checks on all gun sales, with reasonable exceptions. SB 221 will do just that. It provides comprehensive background checks that protect our Second Amendment gun rights, while making it harder for dangerous criminals and the mentally ill to get guns. **Senator Hutchison should vote YES on SB 221.**
