

## GOVERNOR BRIAN SANDOVAL

*(Republican - Nevada)*

Tuesday

Dear Fellow Republican,

After the worst economic crisis in a generation, Nevada's road to recovery is winding through cities and communities across our great state...

...And with your generous support today, we can continue to enact commonsense, conservative policies that empower families and small businesses right here in the Silver State.

I was humbled to be elected your governor with over 53% of the vote and feel blessed to serve you each and every day. We continue the efforts to rebuild our economy and get Nevadans working again and **we are proud that in 2013 Nevada led the nation in job growth**. There is still much work to be done and the elections in November will show whether we want to continue this economic comeback.

That's why I'm asking you today to please join my campaign by returning the enclosed 2014 ROAD TO RECOVERY VICTORY PLEDGE along with your most generous contribution of \$250, \$100, \$50, \$25 or whatever you are able to give.

With your immediate and generous support, we will continue to build on our successes and will be able to elect more commonsense reformers to grow our economy and continue Nevada's Comeback.

We are building a statewide grassroots campaign that will allow us to connect with hundreds of thousands of Nevada voters. We'll be able to build the network to communicate our message and mobilize support for my campaign, and others, from now until Election Day.

When I took office, I made it a priority to sit down with every member of the legislature to talk about priorities for getting our state back on track.

(Over, Please)
